

Designed for local people, by local people

The parish councils of Bitton, Oldland, Pucklechurch and Siston worked together to design the *WEST*local 532 route.

It is with thanks to the many local people who told us what kind of service they wanted and where they needed to get to, that we have been able to design this route and bring it to life.

After direct feedback from passengers, the 532 route has been changed so it provides links to Emersons Green and now employment, shopping and leisure at Longwell Green.

We want to see our communities embrace their *WEST*local to get around and consider leaving the car at home. Success depends on local support!

Members of Bitton, Oldland, Pucklechurch and Siston Parish Councils celebrating their collaborative *WEST*local service.
