

YOUNG DRIVER SKILLS+

FREE

Road safety
day for young
drivers

A free driver skills day for 17-25 year olds. It will include a presentation, an observed drive with a qualified skills observer plus a demonstration of true-to-life road traffic collision rescues.

By the end of the day, you will have enhanced your driving skills, further developed safe driving habits, gained a greater understanding of passenger responsibility, learned practical tips to save money and have the opportunity to sign up to a place on IAMs advanced driving course.
