The monkey bars are far too high. Kids can't reach them. Could do with some smaller things too.

I like the Ninja warrior theme

The monkey bars are far too high and living on that street there is a lot of younger children who come and visit grand children - there is 1 thing for younger children. Overall, it's okay - but there's just not a good enough variety

Grabs the interest of the kids

Fantastic play equipment to get kids mobile and active. My children love the parkour style layout and timing themselves. The equipment challenges them to keep trying to complete the course and get faster and stronger too.

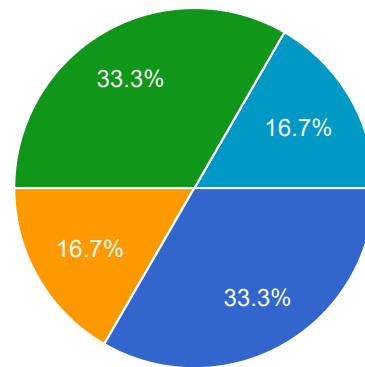

My children love the new equipment, especially racing around it

What is your favourite piece of equipment?

6 responses

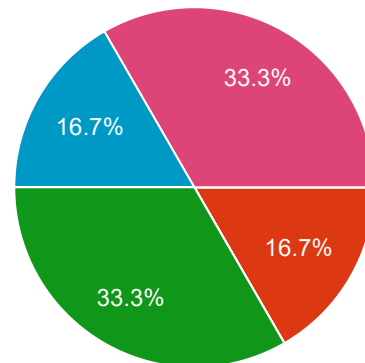

- Zip wire cableway
- Double swing
- Ninja slanted steps
- Ninja monkey bars
- Ninja warrior ramp
- Ninja climbing module
- Ninja unstable bridge
- Rather not say

What is your least favourite piece of equipment?

Good to see a nice new play area

The zip wire is good, but the change of base from the old one is kind of not great!

Would have been better a couple of steps longer.

Swings

What don't you like about the active play area?

4 responses

Some of the equipment is a bit big for smaller kids

There's a lot of things that there is to not like, it's just not inclusive at all!

How the grass is uncut and the rubber matting doesn't look very well done. Tumps of turf that they placed back on top are missing already.

Climbing frame isn't really used

Please tell us if there is anything missing from the active play area that you would have liked to have seen included.

Slide

Benches

Slide, sesaw.. things for younger children!

A fence around the area to stop animals entering and fouling the area and kids on bikes riding fast through the area where kids are trying to have fun

More seating

Trampolines or football goals

Any other comments you want to give.

Please lower the monkey bars or add bigger and more exciting things for younger children

I feel this is an excellent addition to Pucklechurch, encouraging families to move to our lovely village.

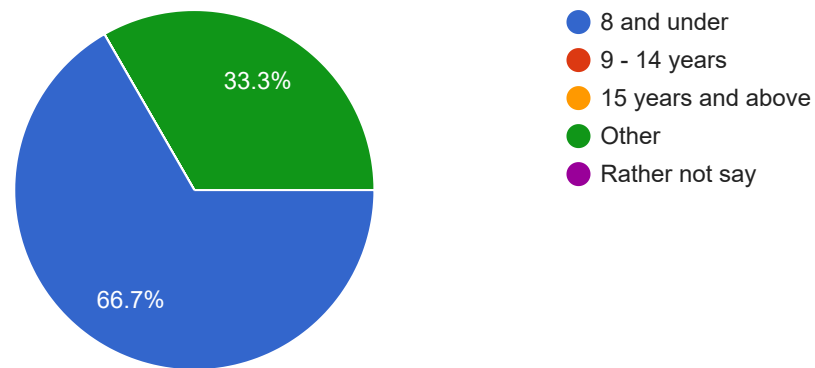

The council would like to understand who is giving us information.
